

Action Taken Report
On
Student Satisfaction
Survey Report
2022 - 23

Introduction

Maharaja Jivajirao Shinde Mahavidyalaya, Shrigonda is dedicated and committed to the overall development of students. Therefore, all the departments are continuously working on students' satisfaction.

The following actions were taken to identify major areas to improve the overall teaching and learning experiences of the students based on the Student Satisfaction Survey conducted during 2022-23.

Suggestions to improve the overall teaching-learning experience	Actions Taken
1. Use of ICT tools to enhance learning.	Teachers are using student-centric methods, such as experiential learning, and participative learning by applying Audio-Visual Aids (LCD projector, Smart board) to enhance interest and student engagement.
2. Arrange more seminars, webinars, and expert guest lectures.	All departments arranged guest lectures, summers, webinars, intra-departmental fest, quizzes competitions to enhance student-centric learning.
3. Drinking water facilities need to improve.	A new drinking water-purified RO plant was installed in the ladies hostel.
4. Need to improve free Wi-Fi facility	The numbers of routers were increased for better connectivity of free Wi-Fi facilities.
5. Provide the canteen facility	The proposal to open a new canteen was submitted to the College Development Committee (CDC) for approval.
